CPAP CLINICS

- ✦ Patients requiring CPAP or Bi-Level therapy will be set up on devices with downloadable compliance data.
- ✦ SWC requires all DME partners maintain a strict patient follow-up protocol designed to maximize compliance.
- ✦ 4-6 months after therapy is initiated SWC schedules patient for a CPAP Clinic.
- ✦ CPAP Clinics will involve:
 - Download of compliance data
 - Therapy device check and cleaning
 - Patient assessment by a clinician
 - Dialogue focused on potential barriers to compliance
 - If applicable, adjustments of CPAP and/or interface
 - Consultation with a board certified sleep physician
- ✦ Results of clinic hand delivered to PCP.
- ✦ CPAP Clinic is part of our standard of care.
